U.S.-Russian Exchange Visit Details Lacking

Timing, Extent Of Trips Still To Be Worked Out

WASHINGTON (AP) — President Johnson and Soviet leaders have yet to work out the details of their tentative and informal agreement to exchange visits this year.

Officials said only there has been no understanding so far on timing or extent of the proposed trips — when and where Johnson would go in the Soviet Union or how broadly and at what time Soviet leaders would tour the United States.

Johnson got word through diplomatic channels early this week that the Soviet leaders hoped he would visit the Soviet Union and were interested in his suggestion that they visit the United States.

It was understood that the Soviet Embassy relayed the Soviet attitude to the State Department here on Monday.

Johnson's original proposal for the Soviets to visit and tour the United States and appear on television was made in his State of the Union message on Jan. 4. He received a positive response last Sunday when the Soviet Communist party newspaper Pravda carried an article saying Johnson's statement had received a "positive response" in the Soviet Union. The meaning of the Pravda article was not completely clear at the time, although it was interpreted to show interest in a Soviet visit to this country and possibly an exchange of visits.

The information provided the State Department is understood to have made clear that the Soviet leadership would like the President to visit the Soviet Union and was interested in visiting the United States.

Which Soviet leaders would come here is not yet known. The power once held by Nikita Khrushchev has been divided between Premier Alexei N. Kosygin and Communist party chief Leonid I. Brezhnev since

Wounded Officer Is Improving

GEORGETOWN, Ohio (AP)— Cyril B. Heaton, Georgetown's assistant police chief who was shot while stopping a burglary attempt, was reported improved today. He was taken off the critical list and reported in poor condition by Brown County hospital.

Heaton, 48, was shot in both arms and the chest and pistol-whipped Trursday. He was believed shot with a .22 caliber weapon although that had not yet been definitely determined, the sheriff's office said.

Prosecutor Angus Wilson announced a citizens' committee has offered a $1,000 reward for information leading to the capture of Heaton's assailants. Authorities in both Ohio and Kentucky were alerted to watch for the burglars' dark-colored automobile.

Two men driving a car similar to that described by Heaton were arrested early Thursday in nearby Ripley. The men were held for questioning, but authorities did not file any charge.

Wilson said he had been able to talk to Heaton three times at the hospital. He said the officer was shot from behind as he investigated a car parked outside the Cahall Farm Implement Store on U.S. 68.

"They apparently shot from a truck (near the building)," Wilson said. "We believe there at least two men and possibly a third as a lookout."

2-Man Orbit Due in Month

CAPE KENNEDY, Fla. (AP) — After months of delay, the Gemini program is picking up steam.

As a result, Astronauts Virgil I. Grissom and John W. Young may make America's first two-man space trip next month, instead of in April. Three more tandem crews may follow them into orbit during 1965.

There have been rumors all week at this spaceport that the National Aeronautics and Space Administration was aiming for a late March date for the Grissom-Young flight.

Thursday night the spacecraft suddenly was moved to the launching pad six days ahead of schedule. The Titan 2 booster rocket has been on the pad since Jan. 25.

NASA normally keeps its launching dates secret until 10 days before a scheduled launching and it has said only that the first manned Gemini flight is slated in the "second quarter of 1965," which starts April 1.

However, it is known here that the space agency would like to advance the date to the first quarter to meet criticism because the Gemini program is 16 months behind schedule.

Sources said that checkouts of the Grissom-Young Titan 2 booster and the spacecraft were progressing so well that Grissom and Young could rocket into space as early as March 23. Even a small problem they said, could push the flight back into April.

There was no official NASA comment.

The Gemini troubles cleared Jan. 19 when a spacecraft survived a atmospheric re-entry test on the final unmanned flight.

The Martin Co., prime Titan 2 contractor, and McDonnell Aircraft, which builds the capsule, report development of future Gemini hardware is progressing as a result of the Jan. 19 flight.

Soures said that, barring a major problem, Gemini flights could be conducted every 9 to 10 weeks. To keep pace, NASA is expected to name the crews for the third and fourth manned flights within two weeks.

Grissom, an Air Force major and Young, a Navy lieutenant commander, are to make a brief three-orbit, five-hour flight to try out the spacecraft. The second flight crew, Air Force Maj. Edward White and Air Force Capt. James McDivitt, are to remain in space for four days.

The third flight will be for seven days. The fourth mission — the first attempt to dock a manned spacecraft with another orbiting satellite — is expected to be commanded by Navy Lt. Cmdr. Walter M. Schirra, who made a six-orbit flight in Project Mercury in 1962.

Gemini astronauts eventually will stay in space for two weeks and will try various maneuvers to practice for Apollo moon flights slated late in this decade.

Souvanna Wins In Laos Crisis

Rightist Deputy Flees to Jungle

VIENTIANE, Laos (AP) — Premier Prince Souvanna Phouma emerged today as Laos' strongman but the once powerful deputy premier, Gen. Phoumi Nosavan, is described as a fugitive in the jungle with a handful of policemen.

A sharp turn of events after the week's fighting in the tiny kingdom has left Phoumi without the major role he held as rightwing leader in the shaky neutralist-rightist coalition government headed by neutralist Premier Souvanna.

'The government declared him a rebel and will arrest him if he tries to come back," a Cabinet minister said in an interview.

The official, Ngon Sananikone, minister of transport and public works, added that the military may shoot Phoumi if he is captured.

Phoumi, 4, had been a dominant figure in the confusing strugle for power in Laos since 1959 when he became derese minister, thus controling the 30,000-man royal Laotian army.

His rise began after he engineered an army coup that forced the resignation of Phoumi Sananikone as premier on Dec. 31, 1959. He also directed the military operation in 1960 that ousted the regime of Premier Souvanna.

Souvanna regained the premiership in June 1962 and made himself defense minister. Phoumi was relegated to finance minister, losing control of the army.

Now forces loyal to Souvanna have crushed Phoumi's apparent bid to regain power in 10 hours of furious street fighting. Military sources said at least 60 persons were killed in the abortive revolt Wednesday and uncounted others wounded.

Lost: 20 Tons Of Cabbage in Alabama Area

HALEYVILLE, Ala. (AP) — "Lost — 40,000 pounds of cabbage somewhere between Haleyville, Ala., and Rio Grande Valley, Tex."

How can you lose 20 tons of caggage? That's what Haleyville supermarket manager L. B. Williams wants to know. So he placed the above ad in the local paper.

Williams said he ordered the cabbage last Thursday and the truck carrying the produce left Texas on schedule. The Oklahoma firm which owns the truck said the driver called Wednesday from Fayette, Ala., saying he had become stuck in the mud and planned to arrive in Haleyville that night.

But Williams said Thursday night that neither the truck nor one single leaf of the cabbage had arrived.

Warm Trend Begins Today In Chilly Ohio

By THE ASSOCIATED PRESS

A warming trend began in Ohio today after temperatures hit their low marks very early in the morning.

The mercury hit lows of between zero and 10 degrees shortly after midnight and then began rising steadily to readings in the teens. Temperatures at daybreak included Marietta 7, Toledo 14, Columbus, Cleveland and Cincinnati, 12.

Southwesterly winds and occasional sunshine were to bring a welcome end today to the frigid weather that has gripped the state the past week. Temperatures were expected to reach into the 30s today and 40s Saturday. A low in the 20s was forecast for tonight.

Temperatures climbed into the 50s as far north as northern Wyoming and southwestern Montana. Readings in the 60s defrosted portions of southwestern Idaho and western Nebraska.

The temperature rose more than 50 degrees Thursday in parts of the Dakotas and Wyoming. Sheridan, in north-central Wyoming, had a zero reading Thursday morning and 56 in the afternoon. Aberdeen, in northeastern South Dakota, warmed from —28 to an afternoon high of 26 above.

He Seeks One Medal, Ends Up with Six

TAMPA, Fla. (AP) — After 20 years of trying to get his purple heart or being wounded in battle, Joseph Valenti finally got it — and several others.

The World War II combat engineer, now 54, has received a package from Washington containing: The Purple Heart and a citation, a Victory Medal, Good Conduct Medal, Army of Occupation Medal and those of the European and Middle East battle zones.

DeGaulle Gold Standard Bid Shunned in U.S.

Federal Aides, Bankers Give Idea Frigid Reception

WASHINGTON (AP) — French President Charles de Gaulle's call for a return to the gold standard for international settlements is getting a frigid reception in Washington and in the America banking community.

"A step backward" was a Treasury official's description of the Frenchman's suggestion. It would be a retreat to 1931, when the world's economic system collapsed, the Treasury said in a statement.

Even before DeGaulle spoke at a Paris news conference Thursday, American monetary officials and many bank executives had gone on record against his proposal.

Some feel that its adoption would lead to raising the price of gold from the present $35 an ounce, returning to a strict gold standard or dropping all gold backing for American currency. And they don't think much of any of these steps.

Immediately after De Gaulle spoke, President Johnson told a news conference here that the United States will maintain the $35-a-ounce gold price, bolster its international trade and monetary position and keep the dollar sound.

The President has said as much before, but the restatement coupled with the Treasury statement may have reflected anxiety that De Gaulle's remarks could touch off speculation against the dollar.

Nerves didn't get any steadier either by the Federal Reserve System's report in late afternoon that U.S. gold reserves were at their lowest level since March 2, 1939.

In the week ended Wednesday the reserves dwindled by $100 million, sinking to $15,088,000,000. The ratio of gold reserves to the total of Federal Reserve bank notes and deposits of its member banks dropped to 27.2 per cent from 27.7 per cent.

The official requirement for both is 25 per cent. At the moment Congress is debating the wisdom of ending the gold reserve requirement for bank deposits, as recommended by the administration.

Frazar B. Wilde, a spokesman for the Committee for Economic Development, an organization of businessmen and educators, urged the Senate Banking Committee Thursday to remove the backing requirement both for the deposits and for currency.

Complete repeal would "further strengthen international confidence in the dollar," said Wilde, chairman of the board of the Connecticut General Life Insurance Co.

Behind De Gaulle's call for a return to the international gold standard is a wish to end dependence on the dollar and the pound in international transactions and to hold down inflation at home.

Transformer Blast Kills 5 Workers

KANSAS CITY, Mo. (AP) — An electrical explosion took the lives of five Kansas City Power & Light Co., workmen in a downtown underground transformer vault Thursday.

The five men had been working on the 13,200-volt transformer since Wednesday morning.

"What happened down there probably will never be known," said Charles F. Monnier, executive vice president of the power company. "Apparently a short circuit developed, destroying the switch and causing the transformer to explode."

The victims were Lawrence Leo Coulter, 35; Robert A. Gish, 35; George Curtis Haley, 50; Columbus W. Wood, 40, and George Richard Ross, 48.

Proposal Passes, 1-0

WASHINGTON (AP) — Freshman congressman Andrew Jacobs Jr. called for a vote on the House floor and won by a 1-0 margin. His proposal: Will you marry me?

"Yea," replied Kay Welsh, his bright-eyed office aide from back home in Indiana.

It was a simple voice vote. No roll call involved.

The only written record of it was made by Jacobs, 32, a Indianapolis Democrat, in his own journal.

Here's how he notes it:

"Dec. 11, 1964, 2 p.m., interview with Kay Welsh for job on my House office staff. She got the job."

"Feb. 1, 1965, 3 p.m. — obtained permission to show Kay around floor of House after session adjourned. Proposed. The vote was 'yea.' "

The engagement was announced Thursday in Vincennes, Ind., by Kay's parents, former Indiana Gov. and Mrs. Matthew E. Welsh.

Miss Welsh, 22, and her congressman-boss plan to marry sometime in May. They will live in Arlington, Va., across the Potomac River from the capital.

The proposal on the House floor may have set a precedent, but Jacobs didn't seal the engagement with a kiss.

Why not?

"I didn't know whether the House rules would permit it," said the congressman with a grin.

Alabama Negroes Ask Daily Voter Signup

OUTSIDER — Mrs. Martin Luther King, wife of the Nobel Prize winner, tells an impromptu news conference that she has not been allowed to visit her husband, jailed in Selma, Ala. Later, King, running an integration drive from his cell, ordered a sudden halt to Negro demonstrations.

Registration To Be Speeded

U.S. Judge Orders Stepup in Pace

SELMA, Ala. (AP) — Negro leaders said today they would resume street demonstrations unless voter registrars agreed to open thier office on a daily basis in the wake of a court order for faster registration.

"We are sending a delegation to the courthouse to request that the Board of Registrars operate every day," said the Rev. James Bevel, who had conferred with Dr. Martin Luther King Jr., in his jail cell.

Bevel said that King decided there must be an immediate indication of faster processing of Negro applicants before street marches would be ended.

U.S. Dist. Judge Daniel H. Thomas of Mobile issued an injunction against the registrars and ordered them to step up the pace of registrations.

Thomas set up streamlined procedures for processing Negro voter applications, barred the use of a complicated literary test and assured Negroes of the right to apply directly to the court if rejected.

Red Chinese Hail Kosygin

Soviet Chieftain Enroute to Hanoi

TOKYO (AP) — Soviet Premier Alexei N. Kosygin, en route to Communist North Viet Nam, arrived in Peking by plane today and was greeted by China's Communist hierarchy.

Kosygin and his delegation will spend the night in Peking and go to Haoi Saturday for four days. They are expected to stop in Peking again on the way back to Moscow.

The Soviet group was met at Peking Airport by Premier Chou En-lai, Foreign Minister Chen Yi and other high-ranking officials, according to a Radio Peking broadcast monitored here.

This contrasted with Kosygin's Moscow departure, which was boycotted by Communist Chinese government officials.

Kosygin's trip to Hanoi indicates a Soviet challenge to Communist China's predominance in Southeast Asia.

The Communist Chinese and President Ho Chi Min's North Vietnamese government have supported the Communist guerrillas in South Viet Nam.

Presumably Kosygin will discuss military aid for North Viet Nam during his stay in Hanoi.

An indirect Peking warning to Moscow not to interfere with Vietnamese affairs was carried today by Peking's official China News Agency.

The agency said the Chinese Communist party cabled the North Vietnamese (communist) labor party that: "The two parties and two countries will consolidate our unity and friendship by stepping up our campaign against American imperialism, foreign reactionaries and modern revisionism.'

Modern revisionism generally is used by Peking to refer to the Soviet and Yugoslav Communists.

Rhodes Hit For Absence At Hearing

WASHINGTON (AP) — Rep. Robert E. Sweeney, D - Ohio, has criticized Republican Gov. James A. Rhodes of Ohio for not appearing a witness at Thursday's congressional hearings on the $1.1 billion Appalachia bill.

Sweeney said the House Public Works Subcommittee, of which he is a member, issued invitations to the governors of all 11 affected states.

"It is appalling to note the lack of enthusiasm from the very beginning of this program on the part of the governor of Ohio," Sweeney said.

In Columbus, Ohio Democratic Chairman William L. Coleman also issued a statement criticizing Rhodes for not appearing at the Appalachia hearing. "He is showing a callous disregard for the needy residents of our state who would be affected by this program," he said.

Phone Center Crippled

RICHMOND, Ind. (AP)—Telephone installers poured into Richmond from all directions today to help restore communications crippled by a $1 million fire at General Telephone Co.'s complex here.

U.S. Lever in Rights Fuss Is Federal School Aid

WASHINGTON (AP) —With millions of dollars as a lever, the government is seeking steps toward racial integration of every federally aided school by the time classes open next September.

The price if a school district fails to produce a guarantee those steps will be taken: An end to its federal assistance.

In the South alone, the U.S. Office of Education distributes more than $300 million in aid each year.

The school-opening target date is one goal set in enforcement of the civil rights law provisions barring federal aid for programs in which discrimination exists.

The general provision covers an assortment of more than 190 federal programs which will contribute an estimated $13.6 billion to state and local governments, hospitals and universities and other operations during the next year.

Voluntary compliance is the watchword of the men charged with enforcing the law.

"We want to work with any school district that is having problems," said a spokesman for the Office of Education. "We want to help them integrate. We don't want to cut off any money."

Vice President Hubert H. Humphrey has said a cutoff in federal aid will be used only as a last resort.

"Your federal government wants to walk the extra mile in the hope that people will observe the law," he said, "rather than compel the instrumentalities to enforce the law."

All told, the Civil Rights Commission says, 21 agencies are involved. But 95 of the aid programs covered by the law are centered in the Department of Health, Education and Welfare, and that agency's regulations serve as a model for most of the others.

"The assurances have been coming in at a fairly good clip," said Assistant Secretary James M. Quigley, overseeing the enforcement operation there.

As of Feb. 3, the box score stood this way:

—2,436 colleges, universities, hospitals, medical schools and similar institutions — many of them in the South — had given their pledges. All the Southern state universities were among them.

Such institutions, some 4,000 colleges and universities among them, must be in full compliance now to hold onto their federal assistance. The regulation requiring that went into effect Jan. 3, and in general, they have 60 days to serve notice they are meeting the terms of the civil rights law.

—About 1,000 of more than 27,000 local school districts had signed assurances. At the Office of Education, more forms were pouring in, some of them in cardboard boxes sent by state education agencies.

Officials there said no breakdown had been made that would indicate geographic distribution of the districts which have guaranteed compliance.

—A half dozen Southern school districts had filed their plans for desegregation to meet the terms of the government regulation implementing the law.

Columbus Broadcaster Under Democratic Fire

WASHINGTON (AP) — Ten radio stations, including WBNS of Columbus, Ohio, have been accused by Democratic National Chairman John M. Bailey of refusing to present both sides of controversial issues during the presidential campaign.

The complaint said the stations refused to make their facilities available to present contrasting views to those expressed on the syndicated program "20th Century Reformation Hour," "The Dan Smoot Report," "Manion Forum" and "Life Line."

3 Jets Intercept 1500 Mph. Drone

PANAMA CITY, Fla. (AP) — Air Force officials say the interception of a Bomarc drone target traveling in excess of 1,500 miles per hour by airplanes is a first for the Air Defense Command.

Two F101s and an F106 from Tyndall Air Force Base, Panama City, intercepted the modified Bomarc missile launched from Eglin Thursday during tests over the Gulf of Mexico at an altitude of 55,000 feet.

Brig. Gen. R. W. Burns, commander of the 73rd Air Division, described the tests as "highly successful."

Young Calls Minutemen 'Psychotics'

WASHINGTON (AP) — Democratic Sen. Stephen M. Young of Ohio says the Minutemen are a "band of psychotics" and the Justice Department should do something about them.

The leader of the minutemen, Robert De Pugh, replies: "He (Young) would not dare to make such statements without his senatorial immunity."

Young, who has attacked so-called extremist groups frequently, made his latest comments in a Senate speech Thursday.

Young said the leaders of the Minutemen have issued a call for volunteers "to join a secret underground army of terrorists and saboteurs" to use force since they realize "they will never achieve power through Democratic means." Young also referred to the Minutemen as "demagogues of the extreme right" and "sandlot witchhunters."

South Korea Premier Slates Talks in Japan

TOKYO (AP) — South Korean Premier Chung Il-kwon arrived by plane today for talks with Japanese Prime Minister Eisaku Sato on settling differences between the two countries and establishing normal diplomatic relations.

Since World War II, Japan and South Korea will have been linked only by quasi relations. Leaders of both countries have indicated desires to resume normal relations.

Officials Refuse Lift Ban On Girl's Horse, Maggie

TOWACO, N.J. (AP) — Township officials have refused to lift a ban on a shaggy horse named Maggie, a pet of 12-year-old Sharon McDermott.

So Sharon's father, Vincent McDermott, 45, a disabled veteran out of work for two years is thinking of selling the house and moving out of town.

"My daughter is heartbroken," McDermott said Thursday. "People just don't understand the feelings involved in a situation like this. I'd move because I have my child's health to consider. She loves that horse."

McDermott also said: "When we bought the house last July, the real estate agent told us he had checked everything with township officials and we would be allowed to keep the horse."

Sharon said of her 12-year-old pet: "I don't want to get rid of Maggie and I don't want to board her out. If she has to go, I go too. I love her."

Two other children in the family live at home, and two others away from home. The mother, Catherine, runs an antique shop in the house.

Officials have set next Thursday as the deadline for Maggie's departure from the McDermott property in the heart of this Morris County hamlet in northwestern New Jersey.

The officials have ruled that Maggie can't stay because the McDermott property lies well within a 200-foot-deep business zone.

McDermott sought a zoning change so the horse could stay. The Montville Township Board of Adjustment, refused, saying it had acted on a complaint by neighbors that Maggie was a health menace.

Fairfield Countian, 24, Found Slain in Missouri

LANCASTER, Ohio (AP) — "We tried to talk him out of going. . . it was a nasty day Monday."

In a few words, Charles Pridemore of Lancaster described the last time he saw his brother.

"I didn't learn he had been killed until Thursday. I guess we'll bring him home here."

The brother, Edward Louis Pridemore, 24, of nearby Baltimore, Ohio, was found slain Tuesday in Missouri. An Indianapolis convict, Charles L. Crawford, 26, has confessed Pridemore's slaying and two others.

Charles Pridemore said his brother had been working in California and left Monday to go back to work.

Behind in Baltimore, he left his wife and infant son. He was hitchhiking.

On Tuesday morning, just off Interstate 44 near Conway, Mo., a bullet-riddled body was found. There were five .22 caliber bullet holes in the body. The only bit of identification was three letters—E.L.P.—tatooed on his left arm.

Then Wednesday, police in Texarkana, Tex., picked up a suspicious - looking man in a dirty car with wired-on license plates. The inside of the car was blood-spattered. The man was Crawford.

Questioned, Crawford told the Texas police he had killed a man in Indianapolis last August and another, Louis E. Briggs, 36, a cab driver, Nov. 28, also in Indianapolis. The August victim was an ex-convict, Ambrose Victor Best.

Then, Crawford told police he picked up a hitchhiker in St. Louis Monday night.

"I shot him four times in the head because I thought he had some money. I drove off on a side road and dumped him out."

Crawford's record shows he was once sentenced to an additional two years for escaping from the federal reformatory at Chillicothe, Ohio.

The sheriff at Lebanon, Mo., called Pridemore here seeking to establish identification of the body. "It's definite,' Pridemore said Thursday night. "It's my brother."

Vehicle Sales Listed at 98 In January

Titles were issued for 98 new passenger cars during January by the Clerk of Court Title Department.

The clerk's office processed a total of 1105 titles for both new and used vehicles during the month in addition to making 530 notations of liens and canceling 454 liens.

Titles were also issued for 11 new station wagons, 20 new trucks and nine house trailers.

Chevrolet listed 39 sales. This included 26 passenger cars, four station wagons, and nine trucks.

Ford recorded 28 sales — 14 cars, five station wagons and nine trucks.

Safe Attempt Unsuccessful

An entry and attempted safe burglary at the Hardy Service Station, 905 S. Court St., was investigated last night by city police.

The burglary try was discovered by Sgt. Roderick List and Patrolman Larry Pontious at 11:23 p. m. On regular patrol, they noticed a broken window at the south side of the building. The burglars apparently had departed the scene before the officers arrived.

Sgt. List said an unsuccessful attempt had been made to open the safe. Nothing was reported missing.

Ore Purification Unit Is Planned in Euclid

CLEVELAND (AP) — Plans have been announced by the General Electric Co. for construction of a $2 million facility tungsten ores at its Cleveland wire plant in suburban Euclid.

R. F. Johnson, general manager of the company's lamp metals and components department, said Thursday that the four-story facility will produce ammonium paratingstate, a white crystalline material containing about 71 per cent tungsten by weight.

ence, President Johnson expressed indignation that Negroes had been denied the right to vote and said he intended to see that this right is secured for all citizens. "All Americans should be indignant when one American is denied the right to vote," said the President.

A dozen Northern and Western congressmen headed for Selma despite urging in House speeches Thursday by their Alabama colleagues to stay out of the city. 'We go in an attitude of listening and learning," said Rep. Charles C. Diggs Jr., D-Mih., a Negro who acted as spokesman for the group.

In Marion, Ala., more student demonstrations were planned following the arrest of about 200 Negroes there Thursday.

These arrests pushed to more than 2,500 the number of persons jailed since King opened his voter drive nearly three weeks ago in Selma and it spread quickly to the adjoining county. Most of the Negroes arrested earlier had been released by Thursday night.

The court order was termed a victory in a statement from the NAACP legal defense and educational fund in New York.

However, the Rev. Andrew Young of Atlanta, a key man in King's organization, said he was deeply disappointed because the judge failed to take any action against Sheriff James G. Clark Jr., already under an injunction against interfering with voter applicants. Contempt proceedings are pending against Clark.

At King's direction, the Negroes suspended demonstrations Thursday until a decision was made on the court action which resulted from a Justie Department suit filed under the 1964 Civil Rights Act last November.

Bogus Check Passed Here

A bogus check passed here last week is under investigation by the Pickaway County Sheriff's Department.

The check, made out for $83.-77, was written on the Lancaster First National Bank. There is no such banking firm.

Information received by Sheriff Dwight Radcliff indicated similar bad checks have been discovered in Ross, Fayette, Darke, Clinton and Shelby Counties.

Authorities believe the bogus checks are passed by a "gang" operating out of Dayton.

Otto Guenther, owner of Palm's Carry out reported the check to the sheriff. It had been cashed at his store on E. Main St .

The check was written on the account of the Meyers Construction Co., apparently a non-existent firm. Signed by an Allen Ross, it was made out to Frank Tipton.

Only a sketchy description of the man who passed the check was available.

Funds for Poor Relief Are Received Here

Pickaway County has received $4,215.38 in utility excise taxes for poor relief purposes, it was announced by Chester W. Goble, state auditor.

The payment represents the one-half of one per cent distribution which is based upon poor relief expenditures in the county.

Viet Red Unity Seen Cracking

SAIGON, South Viet Nam (AP) — Hereditary hostility among Vietnamese, a major factor in Saigon's political upheavals of the past year, may have begun cracking the unity of the Viet Cong itself.

Leaflets have been turning up lately from what purports to be a new faction of the Viet Cong, essentially anti-North Vietnamese in character.

"If they are authentic," an intelligence official said. "It looks as if our side is not alone in having troubles. If this thing catches hold within Viet Cong ranks, it could spell real trouble for them."

There have been occasional reports of clashes between rival Viet Cong units, especially near the Cambodian frontier.

The leaflets, distributed mostly in Viet Cong-controlled provinces around Saigon, are signed by the "People's Revolutionary Group of Nam Bo." "Nam Bo" is Communist jargon for "South Viet Nam."

The propaganda contains the usual injunctions to fight harder against American imperialists but it also denounces the "National Front for the Liberation of South Viet Nam" — Viet Cong proper — the Communist Labor party of North Viet Nam, and Communist China.

"On orders of the Chinese Communist party," one leaflet reads, "military and political cadres of North Vietnamese origin have gradually replaced the cadres of southern origin in the most important positions of the National Front for the Liberation of South Viet Nam.

"This policy in practice is aimed at gradually transforming Nam Bo into a province of Red China."

There are significant cultural and linguistic differences among North, Central and South Vietnamese. These have plagued Viet Nam ever since it became independent of France in 1954.

The languages of the three parts of Viet Nam are separate dialects. Food and customs of the three groups are quite different.

When Viet Nam was all one country, Hanoi and Hue were the main centers of educational and political activity, with Saigon running a third despite its much larger population.

Tran Van Huong, premier of South Viet Nam until his ouster last week, is a southerner. A major driving force in the various elements that sought to unseat him was the fact that insurgent factions are dominated by Central or North Vietnamese. This particularly includes the militant antigovernment Buddhists.

Leadership of the Vietnamese Roman Catholic Church, the labor movement, the universities and even the army is predominantly North or Central Vietnamese.

The Viet Cong, while purportedly a purely southern organization, increasingly has come under North Vietnamese dominance. Intelligence men believe that more than 90 per cent of the high-ranking Communist leaders and experts infiltrated into the South during the past year have been ethnic North Vietnamese rather than Communist southerns. This is certain to make trouble for the Viet Cong.

Inevitably, there has been a southern backlash.

Khrushchev's ouster in October.

Johnson said in a speech Wednesday night that he had "reason to believe" he would be welcomed to the Soviet Union and he hoped that an exchange of visits would come about this year.

At his news conference Thursday the President was asked what prospects there were for an exchange of visits and what he had in mind when he made his Wednesday night announcement. He said that his statement was based on discussion between United States and Soviet representatives but did not give details.

Thursday, the Soviet government newspaper Izvestia told its readers about Johnson's hopes for the exchange of visits this year. Publication of Johnson's remarks on the front page of the newspaper indicated official government sanction for the hope.

Moscow sources indicated that neither of the visits would be made before summer.

Pedestrian Hit At Court, Main

A pedestrian suffered minor injuries when struck by a car at 12:20 p.m. yesterday at Court and Main Sts.

Taken to Berger Hospital by city police was Mrs. Sena Wagner, 59, S. Washington St. She was treated for ankle injuries and abrasions on the right wrist and left knee.

The auto, headed east on Main St., was driven by Elliott Crites, 72, Route 2, Ashville. Both the driver and the pedestrian claimed the light was in their favor, police said.

No citations were issued. Police said Crites became sick following the accident and was taken home by officers.

Two Injured In Crash

Two Mt. Sterling area men were injured last night in a one-car accident 20 miles east of Circleville on Route 56.

Admitted to Berger Hospital was Jeffery Bigam, 20, Rt. 1, Mt. Sterling, a passenger. He suffered a severe facial laceration.

Paul Porter, 20, Route 1, Mt. Sterling, was treated and released by the Berger emergency staff.

Porter told investigating officers, Pickaway County Sheriff Dwight Radcliff and Deputy Homer Adams, he fell asleep while driving.

He was cited to appear in Circleville Municipal Court for reckless operation.

Kentucky Man Waives Hearing, Pays Fines

Curtis Fannin, 34, Camp Dix, Ky., cited into Circlevile Municipal Court on a pair of charges, waived a court hearing, and paid the fines levied.

Fannin was charged with driving when he had no valid operator's license and speeding 70 miles per hour in a 60 mile zone. The fines were $30 and $10, plus costs.

Other motorists listed on the completed court traffic docket were:

Thomas J. McCoy, 47, Columbus; $10 and costs for speeding 70 miles per hour in a 50 mile zone.

Samuel Salyer, 42, Wilmington; $24 bond forfeiture for speeding 65 miles per hour in a 50 mile zone.

Frederick McLimore, 40, Columbus; $50 bond forfeiture for speeding 85 miles per hour in a 50 mile zone.

William Uhl, 539 S. Scioto St.: $25 bond forfeiture for making unnecessary noise with a motor vehicle.

See us. We deliver: a lot of power, not promises.
Even in our lowest-priced Chrysler models, 383 cubic inches of V-8 engine is standard. So is our big size – the factory doesn't build jr. editions. And nearly half our '65 models are priced only a few dollars a month more than some of the most popular small cars, comparably equipped. That figure includes power steering, power brakes, automatic transmission, radio and heater. When you get ready to plunk down the cash, remember: If you're going to pay the price of a Chrysler, get one. See us. We deliver.

Impala Super Sport Coupe

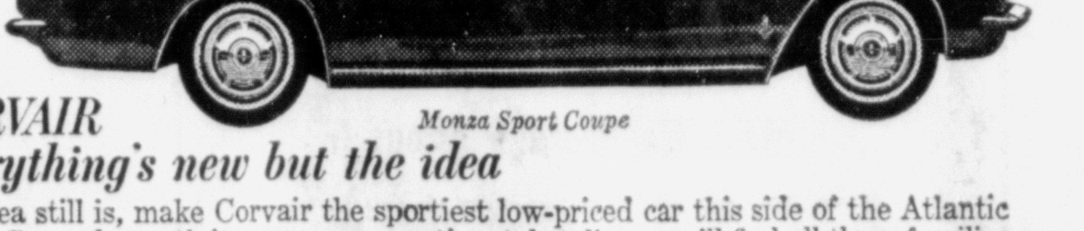
CHEVROLET
Redecorate your driveway
Park out front, at least for a while, and let the neighbors enjoy that sleek Impala Super Sport styling. After all, you have everything else to yourself: the luxurious Super Sport interior with its cushy bucket seats up front, handy center console and deep-twist carpeting underfoot; the smooth and easy Chevrolet ride, courtesy of Full Coil suspension and new Wide-Stance; and Chevrolet power, starting with our famous 140-hp Turbo-Thrift 230 Six. This '65 Chevrolet's a home improvement if you ever saw one.

Nova 4-Door Sedan

CHEVY II
Economy on the upswing
Who says bargains always come in a brown paper bag? Not Chevy II. Nova models include all the niceties: foam-cushioned seats, armrests, dual visors and more. Who says economical means stodgy? Not Chevy II! Besides the 120-hp Hi-Thrift 194 that powers Nova, we've another Six you can order—Turbo-Thrift 230, a sprightly 140-hp.

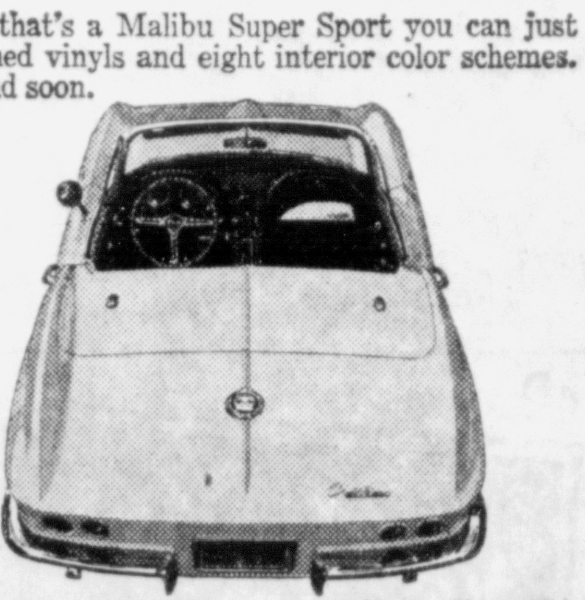
Malibu Super Sport Coupe

CHEVELLE
Looks, luxury and lots more
The looks you can plainly see. The luxury that's a Malibu Super Sport you can just imagine: bucket seats, full carpeting, patterned vinyls and eight interior color schemes. The rest you'd better sample for yourself. And soon.



Monza Sport Coupe

CORVAIR
Everything's new but the idea
The idea still is, make Corvair the sportiest low-priced car this side of the Atlantic Ocean. So, underneath its suave new continental styling, you'll find all those familiar Corvair things like quick, light steering, sure-footed independent suspension and legendary rear-engined traction. Inside this Monza, you'll also find a brace of bucket seats, carpeting, a floor-mounted shift and lots of fun. Try it.



Sting Ray Convertible

CORVETTE
Disc brakes to STOP
Four-wheel discs: Need we say more about that? As for going, choose your V8—including a fuel-injected 375-hp stormer.

Looking Back in Pickaway County

FIVE YEARS AGO

Amanda captured the Circleville Independent Basketball League championship at the Fairgrounds Coliseum.

Members of the Pickaway County Basketball Assn. staged their annual dinner meeting at the Mecca Restaurant.

Air Explorer Squadron 84, sponsored by Harmon and Schelb Aircraft and Auto Repair, planned to conduct a program of movies and lectures on safety for all airplane pilots and persons interested in aviation.

TEN YEARS AGO

A "Conference On Youth" program, to consist of eight session with special speakers, was scheduled to be held here.

Mrs. Don Crist and son of Atwater Ave., were released from Berger Hospital.

Mrs. Leon Van Vliet planned to present Miss Judy Goeller and Miss Martha Rhoads in a duo-piano recital at her home on W. High St.

TWENTY-FIVE YEARS AGO

Mr. and Mrs. J. L. Marion and daughter of near Amanda entertained at a dinner celebrating Mr. Marion's birthday.

Protesting because they have not been receiving their share of busines from persons receiving relief orders, a group of independent Circleville grocers appeared before the county commissioners.

The Circleville board of health reaffirmed its decrees at a meeting in City Hall that the city jail would be padlocked unless Council did something about its unsanitary conditions.

Letter To The Editor

EDITOR'S NOTE — We welcome letters to the editor. In order to be considered for publication, they must bear the correct name and address of the writer. Anonymous letters and those signed with the request that signatures be withheld will not be accepted for publication. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

To the Editor:

It seems the attitude we are now living in is "I'm going to get mine and what happens to you I don't care."

There is a certain lady in this community, who through no fault of her own has fallen into destitute circumstances. This woman's husband deserted her some years ago, leaving her no means of support.

She worked at a job when she had transportation. But the time came when she lost this transportation.

She applied for aid from the Welfare Department, but had been unable to get help until this month. The departmen reconsidered her case and agreed to help. She will receive her first check this month.

The village where this woman lives has a ruling that if gas and water bills are not paid by the 20th of the month, service is discontinued. The lady told officials she would not be able to pay her bill until the first of the month. However, on a Sunday morning when she was in church, the service was turned off.

Fortunately, the service was turned on after the Welfare Department acted in the woman's behalf.

This lady has a teen-age son who is trying hard to finish high school. He is one of the most honest and sincere young men I have ever met.

It would be a tragedy if this boy had to drop out of school—not only for the boy but also the community. It is young men of his caliber who become useful and worthwhile citizens.

If I had finished school when I was young, perhaps I would be a more useful citizen today. We hear and read a lot about high school dropouts. But we don't hear too much on the circumstances that prompt many of them.

To sum the whole thing up, it is hard to comprehend the cold, bare facts that we in America have become a people that will give billions of dollars to aid people in foreign countries with no hope of getting one dime of it back. Then many of those we help tell us where to go.

And when one of our own people falls victim of hardships, we will, for the lack of $9 to pay a utility bill, become indignant and refuse to give a few short days of extra grace period. It just doesn't add up to what the American way of life ought to be does it?

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Q: What is pneumonia?

A. Pneumonia is an infectious disease that affects the lungs.

Q: Are there different kinds of pneumonia?

A: Pneumonia is classified into different types according to the extent of the infection and the area which is affected.

Lobar pneumonia means that the infection involves one or more of the lobes of the lungs.

Broncho - pneumonia means that there are scattered areas of infection in the lungs.

Pneumonia may be a secondary complication of many other diseases, like typhoid fever, influenza, diphtheria or bronchitis. The disease occurs more frequently among the undernourished, and in people whose general physical condition has been weakened by longstanding chronic illnesses.

Q: Is double pneumonia twice as serious as ordinary pneumonia?

A: The non - technical term "double pneumonia" means that the infection involves both lungs, or two lobes of one lung. The condition may be more serious because of the wider distribution of the infection.

Q: What is meant by "walking pneumonia?"

A: This expression is sometimes used to idicate that a patient has been "walking around" with a lung infection, without being aware of it. It is not a technical medical term.

Another confusing and meaningless expression is "I almost had a touch of pneumonia', or, "I was on the verge of pneumonia". There is no "almost pneumonia." It is either present, or not.

Q. Is pleurisy the same as pneumonia?

A: It is not the same, although pleurisy sometimes accompanies pneumonia.

The pleura is the thin, smooth outer covering of the lung. Pleurisw is an inflammation of this delicate lining.

Q: Have the antibiotics made pneumonia a less dangerous disease?

A: Few diseases have benefited as much from the discovery of penicillin and the antibiotics as has pneumonia.

Before the era of antibiotics, the complications of pneumonia were awesome and severe.

Now the threat of the infection spreading to the heart or the chest cavity (empyema) has been reduced to a minimum.

But pneumonia is still a serious illness. Prompt and intensive treatment is imperative.

Q: How is pneumonia diagnosed?

A: The clinical diagnosis of pneumonia can be made by a gentle tapping of the chest wall, called percussion, and by listening to the chest with a stethoscope (auscultation).

X-rays of the chest may confirm the diagnosis and provide important information about the exact area and extent of infection.

Russian archeologists report finding beneath a mountain in Central Asia, the statue of giant with feet two yards long Just a six-footer — provided, of course, you count only the distance between his heels and toes.

We don't know how big were the Cyclopes, the one-eyed giants Homer wrote about, but they must have been plenty hefty, since they tossed huge boulders around like baseballs.

Probably the smallest giant on record was that 19th century fakeroo known as the "Cardiff Giant." It turned out to be a 10½ foot high hunk of badly carved gypsum, which sounds like ideal material for such a gyp.

Another Birthday Coming Up

By Hal Boyle

NEW YORK (AP)—The cards of condolence are already coming in.

They are from friends to remind me that I'm having another birthday later this month—the 54th, if my abacus is working right.

That's one of the cheering things about friends: They may forget they owe you money, but they always remember your birthdays —particularly if they themselves are a few years younger.

The thing I dislike most about my birthday is that it is poorly located on the calendar, strategically speaking. It happens to fall between the natal anniversaries of Abraham Lincoln and George Washington.

That makes me something of a human molehill between two peaks of grandeur. After celbrating the birth of the great emancipator, America rests up to celebrate the birth of the father of this country. Thus my birthday has so far escaped attention from a grateful nation.

I don't blame the people; it's just an unforutnate result of poor parental timing.

However, Congress at long last is doing something about the siutation. This year it will be in adjournment on my birthday—Feb. 21. Mayor Wagner is also closing down City Hall, and church bells will peal throughout the land.

I'm even taking the day off from work myself—since it happens to be a Sunday.

Many people who hate the thought of turning 40 wonder what it's like to be a person in the mid-fifties. Truth to tell, it's pretty much like the fellow said aboutt he purple cow: "I'd rather see than be one."

Warfare Lab Is Solving Jungle Problems

ABERDEEN, Md. (AP) — While diplomats and politicians in nearby Washington ponder the big problem of Viet Nam, a band of soldiers and scientists here are tackling some of the little problems in that trouble spot.

For example: A U.S. helicopter skitters along the treetops, its fragile arms flailing the muggy air, its engine roar alerting rebels for miles around. As the chopper nears a cleaing to land Vietnamese government troops, a Communist sniper perched in a tree along the line of flight opens fire. A shot strikes a vital engine part and the aircraft drops like a wounded bird.

Another helicopter makes it to the clearing. Seconds after the last government soldiers hop out, he and his comrades, framed in the gunsights of waiting guerrillas from the moment of their descent, are killed or wounded.

Trying to solve problems such as those is the job of the Army's Limited Warfare Laboratory, a special unit set up a the Aberdeen Proving Ground in 1962.

It has turned out more than a dozen items designed to give fighting men in Viet Nam and their American partners a longer lease on life.

Products run a wide range — a leech repellant, an eight-pound radio capable of transmitting a whisper 200 miles, a gadget that tells a helicopter pilot he is being shot at — and a device to enable one aircraft to fire 288 smoke grenades in seconds and raise a screen to conceal the descent of troops in other ships.

Among the seven soldiers and 89 civilians manning the laboratory are jungle combat veterans, electronics engineers, machinists, biologists.

In trying to deal with guerrillas precisely trained in ambush and hit-and-run tactics, the jungle canopy becomes a special problem. At ground level in the jungle there is a 10-to-12-foot high mass of vines, bushes and tree trunks. Above that, rising 100 to 150 feet, are the tree trunks themselves. Then comes the canopy — a fantastic jumble of tree limbs and vines forming a layer 30 to 70 feet thick and in many places leaving the jungle below in darkness at midday.

Smoke grenades dropped in such an area to mark the nesting place of a guerrilla band often are swllowed by the canopy, their smoke diffused into mere wisps and of no use as guides to assault aircraft. The Aberdeen response: A parachtue attached to the grenade, enabling it to settle gently atop the canopy instead of plunging uselessly through it.

Some reports from the front told of trouble with grenades failing to operate after landing in water. The lab solution: waterwings, an inflatable plastic collar attached to the grenade. It makes the weapon look like a toy and, in fact, is made to Army specifications by a toy manufacturer.

Among items being developed or just completed to help cope with the ambush problem are a special siding material for trucks in guerrilla infested areas and an ambush detector.

Made of a type of wood nd tile both commou in Viet Nam, the siding is about four inches thick and in tests has stopped a 30-caliber bullet.

Conceived primarily as a result of Viet Nam, the laboratory deals with problems fighting men might encounter from desert to frozen wastes.

Lima Tops Fund Goal For Ohio State Branch

LIMA, Ohio (AP)—The fund drive for devloping a branch campus of Ohio State University has gone over the top with $425,000 received or pledged for buying land for the campus site. The new four-year school is to be built a mile east of here The fund drive goal had been $365,000.

The Galvin Foundation, set up by John Galvin, president of Ohio Steel Corp., Lima, has presented a gift of $250,000 for development of the campus. A university branch already operating at Lima Senior High School has an enrollment of 700. The new branch may bring a jump of 10,000 in 10 years.

Liquor Permit Transfer Asked

An application for the transfer of permits to sell beer and wine for carry out consumption from James O. Berry of Orient to Harry LaMonte White has been filed with the Department of Liquor Control.

The application was filed Jan. 28. Before issuing or denying a permit, the department makes a thorough investigation into legal qualifications of the applicant.

If no major problems are encountered in the processing, it takes a minimum of 30 days to make final disposition on an application.

Ex-Boxer Is Accused In Robbery Netting $1

ASHTABULA, Ohio (AP) — Victor L. Sallee, 25, former Sandusky boxer, is in Ashtabula jail accused of a robbery that netted $1.

Police said the robbery victim was grabbed by Sallee as he got into his car in a parking lot early Wednesday. Sallee had been hiding in the back of the car, police said. A policeman who happened by the parking lot on a routine cruiser patrol arrested Sallee after he had fled from the car.

Overheated Furnace Causes Fire Run

The Circleville Fire Department was called to the Wilson Trailer Park on S. Pickaway St. today when an oil furnace became overheated in a trailer occupied by Mrs. Kennedy.

A spokesman for the fire department said there was no loss to either the trailer or its contents.

The Lewis and Clark Trail winds from the explorers' 1803 camp at Wood River, 15 miles north of St. Louis, northwestward along the Misouri River and across plains and mountains to a fort they built near present-day Astoria, Ore.

Dear Abby: By Abigail Van Buren

She Has Wrong Values!

DEAR ABBY: I met a fellow who flies for an airline, and we clicked right away, so we made a date for the next layover he had here. When he showed up he was wearing a regular suit, and he didn't look nearly as good to me. I kiddingly told him that on our next date I wanted him to wear his uniform. He said he wouldn't wear his uniform off duty for the Queen of Sheba, and if that's all I liked about him ther wouldn't be any next date. I pretended it didn't matter and I dropped it. But, Abby, it does matter. Somehow, I can not seem to work up the enthusiasm for him without the uniform. Don't you think if he really liked me he'd wear his uniform?

LIKES UNIFORMS

DEAR LIKES: Only people who are compelled to wear uniforms day in and day out can appreciate what a bore it is. I don't blame him. Your brass-happy attitude is an admission that you're more interested in the packaging than you are in the product.

DEAR ABBY: We received an invitation to attend a wedding which was to take place two thousand miles from here. The daughter of an acquaintance of ours was being married. They knew we couldn't possibly attend the wedding, but they sent us an invitation anyway. This of course, meant a gift, which we sent. It was last June and we haven't received a "thank you" note from the girl as yet. I do not blame the child, she is young. But I do blame the parents for not having taught her right from wrong.

A HOUSTONIAN

DEAR HOUSTONIAN: A girl who is old enough to be married is no child. And even if parents do not teach their children to write thank you notes promptly, by the time they are married they should have learned that basic rule of courtesy some where. So don't blame the parents. I'll wager their embarrassment (if they are aware of their daughter's negligence) is greater than hers.

DEAR ABBY: I can't request this information elsewhere without risking a lot of embarrassment, so please answer if you can. And put it in the paper because my mail is sometimes opened and this is very confidential.

Will a veteran's hospital take a veteran who has had a dishonorable discharge? And will the veterans bury him when he dies?

MUST KNOW

DEAR MUST: Whether or not a dishonorably discharged veteran can receive hospitalization at a veteran's hospital depends on the reason for his discharge. All the facts should be given to the nearest veteran's hospital when application is made, and they will rule on his eligibility. A veteran must have an honorable discharge in order to be eligible for a veteran's burial.

DEAR ABBY: If "ON THE SPOT" is in my parish, she can consider herself "OFF THE SPOT." I have baptized thousands of babies, and I have never asked to see a birth certificate. I simply ask the mother of the child the date of the baby's birth, and that is sufficient for my records. She need not prove it.

Sincerely, Indiana Priest

Child Welfare Services Discussed by Speaker

Mrs. Alfred Johnson, case worker for the Welfare Board, was guest speaker when the Child Conservation League met Tuesday in the home of Mrs. William Eddy, Circle Drive.

The speaker explained child welfare services as those social services that supplement or substitute for parental care and supervision. Their purpose is protecting and promoting the welfare of children and youth: preventing neglect, abuse and exploitation; helping over-come problems that result in dependence, neglect or delinquency; and when needed provide adequate care for children and youth away from their homes This care is found in foster homes, adoptive homes or other facilities.

She said that in Ohio the responsibility for most child welfare services has been placed on the county government by law. The quality of day-by-day services of an agency depends on the convictions of the officials and the staff of that agency and the recognition by citizens in the community of the vital importance of the work.

Child Welfare agencies have concerned themselves recently with the best ways to keep children in their own homes, she stated, but in a few cases it isn't possible.

She added they believe that placement of children away from their own homes should be a last resort. She went on to explain foster homes and said they are not just found but are developed. She explained that there is always a need for foster homes and boarding houses.

Mrs. Glenn McCoy, presided during the meeting and reminded mmebers of Hearing Tests which will be conducted this month.

Mrs. Donald Hill announced that the Guest Day Luncheon will be held Mar. 2 at the Presbyterian Church. Reservations are to be made by Feb. 26 with Mrs. F. O. Patrick or Mrs. Hill.

Navy Chaplain Chooses Between Baseball, Clergy

ABOARD USS Hancock (AP) —The Protestant chaplain aboard this aircraft carrier smokes cigars and loves to talk baseball.

But because Lt. Cmdr. Wendell R. Begg was a baseball announcer before he turned to the ministry, that's understandable.

But now his job is a different one — minstering to men aboard the 7th Fleet carrier in the South China Sea, off Viet Nam.

Begg, born and raised in Le-Mars, Iowa, studied business and radio advertising at Dake University. While there he was asked to become a baseball announcer. After a short stint announcing Class B ball he moved to Sioux City, Iowa, and moved into Class A ball anouncng.

But Begg had been studying for the ministry and was committed to spend some time in a seminary. The stocky announcer with a perpetual 5 o'clock shadow had to choose—baseball or the ministry.

He chose the cherch and spent three years as a minister at F gin, Ill., before taking a commission as a Navy chaplain.

Since he joined the Navy ir 1956 Begg has been home only two years, but he said he finds a challenge in being a Navy chaplain that he never found in civilian life.

Much of Begg's time is spent in counseling men aboard the Hancock. His toughest job is acting as a laison between the man at sea and the man's fam ly thousands of miles away.

For the married man, Begg said, it is a never-ending problem of being away from home.

For all the men, mail is vital, It is by far the biggest morale factor in the fleet. A man spending seven months of the year away from home can become extremely lonely on this big ocean, he said.

Begg said men come to see him nearly every day, asking why they aren't getting mail from home, or discussing famly problems with him. During the destructive storms and loofs on the West Coast, at least 15 men were visiting him daily.

The chaplain praised the mail service on this carrier, where mail is delivered daily by plane.

Begg, whose wife and three boys live in Catro Valley, near San Francisco, said: "It is very personal to be remembered by the family back home. It has affected me and I can see how it affects others."

Great Emphasis is placed on Sunday worship.

Sunday's Catholic and Protestant services each draw about 200 men. A Bible study class and "singspiration" also are held weekly.

The chaplain gives much of the credit for the successful religious program to the support given by the Hancock's commanding officer, Capt. Frak B. Stone of Jacksonville, Fla.; and the exective officer, Capt. H. Spencer Matthews of Sikeston, Mo.

Conference Is Scheduled

The 89th annual conference for Episcopal Churchwomen of Southern Ohio will be held Feb 9-10 at St. George's Church Dayton.

Mrs. Russell R, Raney, Columbus, president of Episcopal Churchwomen of Southern Ohio will preside at the two day meeting. The subject "God's Demands and Our Response" will be presented by the Rt. Rev. J. P. Craine, Bishop of Indianapolis and Mrs. Harold C. Kelleran, associate professor, Pastoral Theology, Virginia Theological Seminary.

The Rt. Rev. Roger W. Blanchard, Bishop of Southern Ohio will address the group 4:30 p.m. Tuesday followed by Evening Prayer. A banquet will be held 7:30 p.m. at the Imperial House Motel. The presentation of the United Thank Offering during Holy Communion will be conducted Wednesday.

Local Baha'i Group Lists Weekly Thought

The following is from the Scriptures of the Baha'i Faith:

"The purpose of the one true God in manifesting Himself is to summon all mankind to truthfulness and sincerity, to piety and trustworthiness, to resignation and submission to the will of God, to forbearance and kindliness, to uprightness and wisdom. His object is to array every man with the mantle of a saintly character, and to adorn him with the ornament of holy and goodly deeds."

World Service of Calvary EUB Church will meet 9 a.m. Tuesday in the church annex.

The Crusaders Class of Calvary EUB Church will meet 7:30 p.m. Saturday in the home of Rosalie Rheinscheld.

ARE YOU READY?

There can be no harmony without you! Unless everyone joins in together, determined to make this performance on life's stage the best one possible, the result will always be sour and discordant.

Perhaps, when we take an honest look at ourselves, we discover such things as temper or prejudice, jealousy or despair standing in the way of our personal happiness. And when we are unhappy, we feel out of tune with the world.

How can these miseries be overcome? God Himself will help us, if we ask Him. It is His intention that His children live in harmony and contentment, and He will show us the way.

Bring your problem to church this Sunday, and offer it to Him in prayer. He loves you greatly, He understands you perfectly, and only He can help you to regain the song of joy that belongs in your heart.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

One-Act Plays Presented by Drama Club

By CHERYL BRAY

Speaking of delightful entertainment, if you diln't have opportunity to attend "A Woman's World" Saturday, you missed the very successful efforts of the CHS Curtain Callers. Those who took advantage of the opportunity witnessed seven presentations proving the old cliche around which the program was centered.

Applause was great and quite steady through the entire night, but volume increased to its greatest height following the presentation of "Richard III" in which two young arions, Jacqueline Town and Richard Crable, gave excellent performances.

The only adjectives to be used in describing the Curtain Callers' night of one-acts are "tres magnifique" from the first scene in the Garden of Eden to the last in Shakespeare's court.

Truly deserving of recognition are: Anne Spicer, Dwight Wilson, Linda Conrad, and Glenn Plum, "In the Garden"; David Matesky, Raymond Ferguson, Carol Wise, "Reservations"; Chris Zehner, Robert Anderson Mike Lorentz, Dan Teal, "Of Fathers and Sons"; Elisa Evans, Nancy Pickel, Mary Gillian, Ruth Ann Seibel, Pam Sweeney, and Lois Archer, "Sisters Under the Skin", Lois Archer, Glenn Plum, Raymond Ferguson, "Woman in Court"; Jacqueline Town and Richard Crable, "Richard III; and Mary Anne Yates, Caryl McCosky, Lynn Rickey, Susan Bennett, Linda Bowers, and Marlene Brown in the cast of "When Shakespeare's Ladies Meet". Also to be commended are: Nancy Yates, Glenn Plum, and club adviser, Mr. Robert Ransom for their direction of the various one-acts.

CHS is looking forward to the next presentation by this group and as always, each promises to be better than the last!

Wrestlers Prepare for Invitationals

By BOB ANDERSON

With the Worthington Invitationals coming up on Feb. 6, the CHS matmen are very active in preparing themselves.

Coach Dave LaBounty says that they are trying their best to be in top form for the invitationals because Sandusky, Martin's Ferry, Franklin Heights, and Worthington will also be attending.

The remaining schedule of the wrestling season is still very heavy with dual meets, invitationals, and sectional, district, and state tournaments yet to come. There are also two home meets remaining. They are as follows: Circleville vs Columbus Central, Feb. 11 and Circleville vs Lancaster, Feb. 16. The sectional tournament will be held Feb. 26 at Franklin Heights.

Coach LaBounty and the matmen are working hard to get through the sectionals and into the district with the hopes that some will make it to the state tournament. Coach LaBounty feels that the remaining wrestlers are the ones who value wrestling and want to put everything they have into it.

Grades or Knowledge

By JOYCE JACOBS

"Oh no, report card time again!" Do you say this every time a six-weeks ends? If you have done your best there is no reason for being dismayed.

If you receive a C and you did your best, be proud. If you have the ability to earn an A and you just do not try and you are satisfied with a C you have reason to be troubled.

Do you worry? Do you rationalize and tell your parents you have done your best? Do you give up if you work for an A and get a C? Do you work for a grade or for knowledge?

If you work for knowledge you will find the grade will take care of itself. So many times students are displeased with the grade they receive, because their friends get A's and they get C's. You should realize that if you have done your best you have reason to be proud especially if you have really earned the grade. You should be just as proud as your friend. Next time work even harder to learn and maybe that A will come.

Teacher of the Week

By PATTI JEFFRIES

How is it that some teachers can make a subject such as English more than just subjects and verbs, but a world full of wonder and beauty?

As we turn to the teacher of the week we may have an answer to our question.

Mrs. Helen Wachs was graduated from Ohio University and has her BA and MA degrees. She majored in English and is also qualified to teach Latin and social studies.

While she was doing graduate work she did part - time teaching at Ohio University. For three years she tutored at Bowling Green State University.

Her husband, the Rev. Paul I. Wachs, has been pastor of the Circleville Methodist Church for the last six and one-half years. The opportunities and rewards of working with youth are greatly appreciated by them sinc they have no children of their own.

This is Mrs. Wachs fifth year of teaching at CHS.

While growing up she vowed she would never be a teacher or a minister's wife! Surprisingly enough, she is both.

Her interests are traveling, knitting and reading. Her main dislike is dishonesty.

When asked about her teaching philosophy, Mrs. Wachs replied, "My philosophy of teaching is challenged by the words of Ulysses in Tennyson's poem of that name: "I am a part of all that I have met." To the students whose teacher I am, therefore, I have an unusually great obligation. I believe it is my responsibility to see that what the students learn in my classes is more than the subject I teach. I try to re-

member that what I am speaks louder than what I say, and that I must set before them at all times an example of high moral conduct and conscientious effort. It is my duty to require of them the best work they can do, and to develop in them an awareness that second best is not good enough."

"I sincerely enjoy teaching and the privilege it gives me of additional service to the community in which my husband and I proudly live. I feel most fortunate that we can know and work with the youth of Circle ville as well as with their parents."

Students of the Week

Although small in stature, Linda Conrad has a lot of determination behind her. This little powerhouse of energy is the daughter of Mr.and Mrs. Richarl E. Conrad, 208 N. Pickaway Street.

At 15, Linda has very definite plans for the future and these include continuing schooling through nurse's training. To prepare for this she is enrolled in the classical course and considers geometry her favorite subject. Linda takes the time to be involved in club activities including sophomore SOS and Curtain Callers. She is a

LINDA CONRAD

member of the high school band, plays saxophone, and is a majorette during marching season.

Outside of school, Linda is very active at the Church of Christ in Christian Union and sings in its choir.

TOM EVANS

Linda enjoys workng with dramatics and also listening to records of which she has a large collection. She is "keeper of the zoo" in respect to her collection of stuffed animals.

We hope Linda will continue to be the active student she has been so far.

By Dave Amey

Sophomore boy of the week is Tom Evans, son of Mr. and Mrs. Emmet Evans, 310 Watt St.

Tom is a member of the CHS Key Club and the Davis Demon Drum Corps. He plans to be varsity track manager this spring for the CHS cindermen.

Likewise, Tom lists track as his favorite sport, followed closely by golf.

Upon graduation, Tom plans to enter college.

Stooge Club Gets Six New Members

By Terry Lewis

Six new members were taken into the Stooge Club last week. Twenty-four members including four seniors, eleven juniors, nine sophomores, and one advisor, Mr. Langland, are now in the club.

The new members are juniors, Tim Adams, Danny Dick, Doug Pontius and Bill Weldon; sophomores, Tom Jenkins and Brad Marshall.

These boys will be on a probationary period lasting six weeks. During this time the boys will be required to wear white shirts and ties.

The club, as a whole, is planning for the pep assembly which will be entirely planned and executed by the Stooges. This annual fun fest is enjoyed by both students and faculty.

13 Students Enter Speech League Test

By LINDA GOODMAN

Thirteen CHS students are entering the district competition sponsored by the Ohio High School Speech League.

There will be participants in radio and TV competition besides the various speech areas.

Entering the area of original oratory are Richard Crable and Cheryl Bray; in extemporaneous speaking are Steve Weiler, Caryl McCosky and Linda Bowers; humorous declamation, Ray Ferguson, and Nancy Yates; in dramatic declamation are Jackie Town and Elissa Evans; in oratorical declamation are Charles Martin and Mary Anne Yates; and in poetry reading are Lynn Rickey and Patty Town.

There will be a group taping a fifteen - minute show to be judged at the state contest level. There is also a group working toward competition in one-act plays.

There were three area winners last year. In the one-act play, "Diary of Anne Frank" Richard Crable in original oratory; and Becky Walters in humorous declamation.

The winners in the district will qualify for state competition in March of April.

MONA ROBINSON

DARLA M. REIDER

DE Students of the Week

By Bob Pritchard

The first of our two distributive education students of week is 17-year-old Mona Marlene Robison, 1080 Lynwood Ave. Mona is employed by Mr. Robert McKelvey of Risch Dr Store as a sales person and cashier.

Mona enjoys bowling dancing and reading, and cheering at the Tiger basketball games. This is her fourth year as one c Mr. Herbert Barrett's students.

She is very active in the CHS chapter of DECA as its recording secretary and chairm the fund raising committee. Mona is still stumbling in the dark as to her plans after graduation.

She is the daughter of Mr. and Mrs. Asa Robison.

Our other DE student of the week is Darla Mae Rieder, daughter of Mr. and Mrs. Leon Catrone, 208 Moats Drive. The 18-year-old senior enjoys skating, swimming and bowling. Darla is an active member of DECA and has served on several committees.

She is employed at the A&W Restaurant where she is a waitress. Her employer is the Rev G. Edelblute.

Freshmen Set For Oratory Contest Finals

By Linda Goodman

The freshman oratory contest semi-finals will be held next Monday evening. There will be 25 freshmen from Mr. Ransom's and Mrs. Mitten's freshmen English classes. The students are taking their regular classroom work and forming it into contest work.

Adults, teachers, and upperclassmen will be the judges and will select five finalists. Later in the month the finals will be held, when trophies and certificates will be awarded. The curtain Callers are sponsoring the contest.

A meeting was held Monday giving instructions to the freshmen participating. Here a good speaker and his improvements in speech were evaluated. Charles Martin gave a speech to the students. The students were then told how Charles could improve his speech. They were told the four general areas to be judged which were voice and articulation, fluency and memory, platform presence, and general effect.

The contest is open to all freshmen.

Sports Briefs

By DAVID AMEY

Tonight is the night of nights for the Circleville basketball team. The Tigers host Miami Trace, one of the two teams tied with CHS for the crown.

The Panthers masked CHS in their first league loss of the year, December 18, but since then MT has lost to WHS and Hillsboro.

CHS, 67-Miami Trace, 62. This is a conservative score. I don't really think it will be that close though.

Washington CH, 89-Hillsboro, 77. When these two offensive powers meet anything can happen.

WHS, 78-Greenfiield, 65. The Hurricane is too tough for Greenfield in the Wilmington gym.

CHS MENU

Monday: Weiner on Bun, Baked Beans, Apple Sauce, Cookie, Milk.

Tuesday: Jon Marzetti, Celery and Carrots, Peach Half, French Bread, Butter, Milk.

Wednesday: Navy Beans with Ham, Tossed Salad, Plums, Cornbread, Butter, Milk.

Thursday: Roast Beef with Gravy, Parsleyed Potatoes, Molded Citrus Fruit Salad, Milk.

Friday: Fish Sandwich, Tartar Sauce, Peas, Plain Cake, Cherry Sauce, Milk.

Ice Fishing Now 'Good' For Ohioans

COLUMBUS, Ohio (AP)—The Ohio Division of Wildlife's first ice fishing report of the season indicates that conditions throughout the state are generally good.

The report by districts:

Central: Indian Lake—7 to 8 inches of ice. Fishing light. Catching bluegills, crappies and perch. Buckeye—5 inches, fishing pressure light, some bluegills. Knox — 5 inches, pressure light, some bluegills. Hoover—up to 11 inches, little pressure. Delaware—up to 11 inches, few bluegills, little pressure.

Lake Erie and Sandusky Bay: Ice good. Perch being taken at Catawba and Bass Islands. Fishing good in Sandusky Bay. Prospects good for weekend.

Northwest: Ice very good. Fishing pressure light. Fish take is fair to poor, with northern pike, perch, bluegills, crappies and bass being taken. "Projected outlook for week end is fair. Outstanding area—Oxbow Lake and Pond near Defiance.

Southwest — All lakes except Grant Lake, which is being lowered, report four to five inches of safe ice. Grand Lake St. Marys and Loramie report fishermen taking crappies, with Spring Valley and Stonelick lakes taking bluegill. Acton, Rocky Fork and Cowan Lakes report ice safe but few fishermen.

Southeast — Ice reported unsafe in Guernsey County. No fishing reported in Coshocton, Gallia, Hocking, Jackson, Meigs, Noble, Perry or Washington counties. Bass being taken in Perry County. Light fishing throughout area.

Music Student Hurt By Hit-Skip Autoist

CLEVELAND (AP) — A 21-year-old senior at the Cleveland Institute of Music was injured seriously Thursday night when hit by an automobile. Police said the driver started to stop after the impact and then sped away.

The student, Ann M. Cherry, of Richmond, Va., was reported in guarded condition at Lakeside Hospital.

Providence '5' Runs String to 15 Straight

By THE ASSOCIATED PRESS

Winning the close ones is the mark of a champion. The Providence Friars met the test.

The nation's only unbeaten college basketball team made it 15 in a row with a 72-70 home-court triumph over the DePaul Blue Demons Thursday night.

It was the second straight squeak for the Friars, fourth-ranked nationally in The Associated Press poll. Last week they pulled out a 77-76 victory over St. Bonaventure in the closing seconds.

Thus accustomed to pressure, the Friars put on a pressing man-for-man defense in the second half and overcame DePaul's 35-33 halftime lead. Sophomore Jimmy Walker's playmaking and clutchfield goals made the difference. He scored 19 points and set up a dozen more including a key basket by Jim Bendict in the last minute.

DePaul's Jim Murphy fouled out midway of the second half after scoring 23 points, high for the game.

Indiana's seventh-ranked Hoosiers, the only team of The AP Top Ten to see action, also scored a home-court triumph. They ended a 17-day layoff for semster exams by crushing Chicago Loyola 109-82 paced by Jon McGlocklin's 25 points.

Brigham Young, Louisville and Cincinnati similarly won on their home courts while the St. Louis Blikens edged Oklahoma City on the road. BYU downed Marquette 91-64, Louisville humbled Tulsa 73-67, Cincinnati crushed North Texas 80-53 and St. Louis came from behind to defeat the Chiefs 77-75.

Oklahoma City used only five players, and paced by Charlie Hunter's 21 points, led until the Billikens went on a 17-7 tear midway of the second half.

Rick Barry, the nation's leading scorer, scored 31 points as the Miami, Fla., Hurrianes erased a 17-point deficit to defeat Stetson 86-84 at Deland.

In Ohio action, Cincinnati routed North Texas State 80-53 in a Missouri Valley contest. The Bearcats took the lead in the first five minutes and that was it.

Cedarville won its 18th game with a 69-63 Mid-Ohio Conference triumph over Wilmington, Youngstown stopped Alliance 83-73, Bluffton tipped Ohio Northern 80-77 and Defiance beat Tri-State of Indiana 84-74.

Greyhound Buried in Illinois Turf

MAPLE PARK, Ill. (AP) — Greyhound, the fabled Grey Ghost whose 26-foot stride catapulted him into the elite of harness racing, was buried in the frozen turf Thursday.

The fastest trotter in harness racing history died in his sleep in the luxurious, paneled stall of the R. C. Falnery Farm. The 33-year-old snow white gelding — equal to 132 human years — was buried in nearby Red Gate Farm, once operated by his late owner, Col. E. J. Baker.

Greyhound succumbed to infirmaties of age. His caretaker, Vernon (Dooley) Putnam, said the majestic animal "just deteriorated from old age and went to sleep and died very peacefully."

Greyhound established 25 world records — 16 still standing — in a six-year career beginning in 1934.

Called the Man o' War of harness racing, Greyhound reached his peak with a 1:55 world record for a mile against the clock at Lexington, Ky., Sept. 29, 1938.

But in winning 71 of 82 starts, Greyhound earned only $54,505 in his career. Baker purchasel the gelding for $900.

Big Name Golfers Lag In Classic

PALM SPRINGS, Calif. (AP) — The $100,000 Bob Hope Desert Golf Classic swung into the third round today with fifty-four holes remaining before the players divide the loot Sunday in this 90-hole tournament.

And if the big name performers such as Jack Nicklaus, Arnold Palmer, Tony Lema, Bill Casper Jr. and Mike Souchak, are to make a move, it's time they started.

The picture at the start of today's exercise was dominated by golfers who are a little less than internationally famous.

The leaders going into the round were Stan Thirsk and Kermit Zarley, each at 134. One stroke back were Rod Funseth and Don January, the latter certainly an old warrior of the gold circuit.

Palmer was in the 140 group, and Nicklaus at 142.

Lema was in better position, at 139, and Souchak contending at 138.

Three shots off the pace at 137 were Frank Beard, Randy Glover and Jerry Steelsmith, and tied at 138 were Souchak, Tommy Aaron and Chi Chi Rodriguez.

Floridian Keeps High Score Lead

NEW YORK (AP) — Rick Barry of the University of Miami Hurricanes again is No. 1 on the major-college basketball scoring list released Thursday by the National Collegiate Athletic Bureau. He's been there all season.

The 6-foot-7 star has an average of 38.2 on 649 points in 17 games in this latest tabulation that includes games of Jan. 30. He fell below his average against Miami of Ohio, wiht 29 points this week, a game which is not included in the current statistics.

In any event it would not affect his No. 1 perch since he has enough cushion to stave off any threats from runner-up Wayne Estes of Utah State and Bill Bradley of Princeton, who is third.

There were 56 money winners on the Ladies' PGA golf tour in 1964.

Floyd Wants WBA Crown Plus Clay-Liston Scalps

NEW YORK (AP) — Floyd Patterson's dream is to beat Cassuis Clay and Sonny Liston, and in the process become the first man to win the heavyweight championship three times. He won't settle just for the WBA's recognition as champion.

Patterson wasn't available today for comment to the World Boxing Association's renewed proposal that he meet the winner of the Ernie Terrell-Eddie Machen bout March 5 in championship.

But it was learned from sources close to the former two-time heavyweight king that the bid will be spurned. Patterson prefers to await the winner of the Clay-Liston return in Boston this May or June. He may take on Argentina's Gregorio Peralta, the South American heavyweight champion, in the meantime.

Tony Maceroni, chairman of the WBA's championship committee, wired Patterson the proposition that he met the Trell - Machen winner within 90 days of the outcome of that fight-off.

The WBA stripped Clay of title recognition when he signed for the return bout with Liston. The WBA is opposed to return title bouts and had warned Clay that he faced loss of his crown. Clay, however, still is recognized as champion in most parts of the world.

Patterson is vacationing out of New York and won't be available for direct comment on the WBA's proposition for several days according to a spokesman.

After he defated Canadian champion George Chuvalo in their thrilling 12-round slugfest at Madison Square Garden Monday night, Patterson emphasized again his ambition to beat Clay and Liston and regain the title. He said then he was not interested in the Terrell-Machen winner which had been offered previosly to the victor of Monday's fight.

Motley Eyes Negro's Role As Grid Pilot

CLEVELAND (AP) — Marion Motley, star fullback of the Cleveland Browns from 1946 to 1953, has asked if the time is not now "ripe for Cleveland to have Negroes as scouts or coaches in professional sports."

Motley's statement was prompted by Wednesday's announcement that the Browns hired Bob Nussbaumer as a scout and assistant coach. Since he retired from the National Football League in 1955, Motley has tried several times to get a job with the Browns staff Currently he is working as a salesman for a liquor manufacturer.

Los Angeles, Baltimore and New York have placed Negroes "in their organizational setups," Motley said, and added that he had "no doubt I am qualified to teach the game of football."

A spokesman for the Browns declind comment on Motley's statement other than to note Nussbaumer came to his new coaching job here with 10 years of scouting and coaching experience with the Detroit Lions.

Undefeated Batavia '5' Lacks Rating

BATAVIA, Ohio (AP) — Batavia hasn't been able to squeeze into the top ten of Ohio's Class A high school basketball teams this year but fans in this Clermont County town believe the voters should take a long, hard look at the record.

Going into a game tonight, Batavia, with only 115 boys in the four-year high school, is 15-0. That follows on the heels of a 1963-64 season in which the team won 19 in a row before losing to Williamsburg in tournament play.

The Bulldogs got a measure of revenge for that recently when they whipped Williamsburg, 91-61.

Batavia doesn't have a particularly big team. The tallest player is Bill Kalchek at 6-2½.

Coach Bob Clousson, however, has combined a high-scoring offense with a sticky defense. One observer remarked, "The team uses a Bearcat (University of Cincinnati) type defense—that is, until the Bearcats started losing."

Incidently, Ed Jucker, coach at Cincinnati, once direted the basketball teams at Batavia.

Clousson starred at the University of West Virginia and was a teammate of the Los Angeles Lakers' Jerry West. He was on the West Virginia team that lost in the finals of the 1959 NCAA Tournament.

Top twin double payoff at Yonkers, N. Y., Raceway in 1964 was $171,084.60.

Florida Citrus Is Rotting; Help Lacking for Harvest

MIAMI, Fla. (AP) — Millions of dollars worth of citrus, vegetables and sugar cane are turning to garbage under the Florida sun, and farm leaders say the cause is a labor shortage created by the federal government.

For 20 years, Florida's crops were harvested largely by labor imported from the British West Indies and the Bahamas. But this source was cut off last year when Congress refused to extend the act governing use of migrant farm workers from abroad.

The supply of Mexican laborers to California, where they long had been used to harvest fruit and vegetable crops, also was cut off. The California Department of Labor has launched a crash program to recruit domestic workers, but a department official said Wednesday "we're not getting them fast enough." Lemon and date growers say they stand to lose millions of dollars because of the labor shortage.

In an attempt to attract American farm workers, Secretary of Labor W. Willard Wirtz set minimum wage scales ranging from $1.15 to $1.40 an hour.

The $1.15 minimum set for Florida was 20 cents higher than the scale paid to foreign workers, but agricultural spokesmen says the plan isn't working because:

1. Industrious workers can earn more than $1.15 an hour under a long-standing piece rate system.

2. Domestic workers prefer less menial jobs and can get them for the same pay.

Florida's commissioner of agriculture, Doyle Conner, said Labor Depatment officials have not acquainted themselves with Florida's problem.

He said domestic workers offered free transportation to Florida by the government "get off the bus, look at the grove and head for Miami."

Herman F. Steele, assistant general manager of Florida Citrus Mutual, a grower organization, says "the inability of citrus growers to move fruit from their groves while in marketable condition is causing a loss estimated at $4 to $6 million based on on-tree values."

TODAY In History

Business Briefs

Cris Cross, Stewart and Cross Hardware, New Holland, and Hal D. Dickinson, Circleville Hardware, Co., Ohio Hardware Assn. chairmen for Pickaway County, are on the planning committee of The 1965 Mid-America Hardware Show scheduled in Columbus Feb. 21, 22, 23.

John B. Conklin, secretary-treasurer of The Ohio Hardware Assn. which sponsors the annual Show, disclosed that exhibit space at Veterans Memorial, where over 25 leading U. S. manufacturers will be exhibiting their product lines has been completely sold out for months.

The Mid America Show Convention Sessions, which will be held at The Columbus Plaza (Mid America Show headquarters), this year will feature outstanding business authorities and leading retail hardware merchants from Ohio.

Scheduled to address the convention sessions are such outstanding speakers as Arthur Rosenbaum, assistant vice president and director of business research of Sears, Roebuck and Co.; James H. Bierer, general manager of the Consumer products division of The Corning Glass Works; Dr. Carl C. Byers of The General Motors Corporation, and H. L. Thompson Jr., president of The National Wholesale Hardware Assn.

An additional feature of the Convention Sessions will be the "Round Table For Profits" panel discussion where eight of Ohio's most successful retail hardware merchants will discuss the methods and factors that have led to their retailing success.

South America's northernmost nations, Colombia and Venezuela, are planning joint projects to help the peoples who live a threadbare existence in remote mountains, deserts, plains and jungles along the 1,400-mile border.

Banks Due For Awards

Special recognition will be given to five banks in this area during the 1965 Ohio Bankers Assn. Mid - Winter Meeting to be held at the Columbus Plaza Hotel on Feb. 12, for having all eligible employes vote during the general election last year.

A perfect 100 per cent voting record was achieved by First National, Second National and Third National banks of Circleville; the Citizens Bank, Ashville; and the First National Bank, New Holland.

These were among 216 banks in the state reporting a 100 per cent voting record. The special award they will receive is a handsome copy of the Declaration of Independence reproduced on parchment paper.

The special register and vote campaign was conducted by the Ohio Bankers Assn. beginning Aug. 1, 1964, when a letter was mailed to all banks in counties requiring registration encouraging them to have all emloyes, directors and officers register so they would be eligible to vote on Nov. 3.

FIRST WATER FLOWS — Peck Wolfe (left), local contractor, and Paul Dumond of Dumond, Sifford & Associates, observe the first flow of water through a fire hydrant at Logan Elm Village south of Circleville. Additional steps call for the filling of a large elevated water storage tank directly west of the housing development.

First Water Flows at New Logan Elm Village Project

Another step has been completed in the development of Logan Elm Village, a new housing project south of Circleville on Route 23.

The first surge of water has passed through lines to a fire hydrant at the site. An additional step will be the filling of a 100,000-gallon water storage tank directly west of the housing area.

The elevated tank will serve the proposed 400-home all electric community. When full, it will be drained for flushing-out purposes and then refilled.

Builder of the homes is the Techtonics Construction Co. of Fairborn and Circleville. Several homes at the local site are nearing completion. The firm is also developing land and homesites.

• • •

OFFICIALS said the water will be treated for proper softeners and iron removal.

All power and telephone facilities to homes will be underground. Considered by the building firm as one of the most modern communities in the nation, the new Logan Elm Village will feature electric heat in every home, with electr air conditioning an optional feature.

The Miller Development Co., a subsidiary of South-Central Rural Electric, owns the development tract. Newel Stevenson of Circleville is president of this firm.

OHIO FIVE-DAY FORECASTS

Temperatures will average 3-6 degrees above normal. Representative normal highs and lows are Cleveland 35-19, Cincinnati 42-26 and Columbus 38-22. Warming trend over the weekend then little change. Precipitation mostly as rain over the weekend and about mid-week will average around one-half an inch.

34 Cases Disposed of In January

Pickaway County Common Pleas Court disposed of 34 cases during January, according to a report released today by the Clerk of Courts office.

Local Attorney Chairman of 1965 Heart Fund Drive

Charles W. Wilburn, a local attorney, will serve as general chairman of the 1965 Heart Fund drive here, the Pickaway County Chapter of the Central Ohio Heart Assn. announced today.

The Heart Fund drive which opened Feb 1 will reach a climax on Heart Sunday, Feb. 21, when volunteers will make a door to door canvass of the residential areas for contributions to fight the county's number one health enemy — diseases of the heart and circulation.

The newly appointed chairman pointed out that local Heart Fund contributions are used to support cardiovascular research in central Ohio in clinics and university laboratories across the country

In the past year the Central Ohio Heart Assn. awarded $185,790 in research grants, fellowships and scholarships at central Ohio institutions.

• • •

IN ADDITION, the Association conducts broad programs of public and professional education and community service to bring the benefits of research to people everywhere.

CHARLES W. WILBURN

"Great advances have been made against the heart and blood vessel diseases in the years since the Heart Assn. became a voluntary organization in 1948," the new chairman said.

Despite this progress, Wilburn added, the heart and blood vessel diseases continue to be the nation's Number 1 killer, claiming the lives of nearly million in the U. S. alone each year.

"Confronted with this fact," he went on, "we must expand our efforts in the fight against these diseases. I ask every resident of the community to support this vital fight against the heart diseases by giving more generously than ever before to the Heart Fund."

Seven working committees, each headed by a local resident will help the general chairman conduct the 1965 Heart Fund drive here. The following persons have been appointed committee chairman: Mrs. Manuel Sanguily, Heart Sunday chairman for Circleville; Mr. and Mrs. William Cook, rural chairmen; Robert Lund, chairman for business and industry; and Mrs. George M. Meyers, mailing chairman. Also Mrs. Lois Brobst, balloon sale chairman; Mr. David Hoffman, treasurer; and Mrs. Robert Chapman, publicity chairman.

The committee chairman will hold a meeting Feb. 10 at 8 p. m. in the Fairgrounds 4-H and Grange Building. Dr. Manuel Sanguily, president of the Pickaway County Heart Assn., will address the committee chairmen and a group of volunteer workers.

New Rule Asked on Care Of Handicapped Juveniles

COLUMBUS, Ohio (AP) — Youth Commission Chairman Wayne Fogle has asked the attorney general for help in dealing with mentally and physically handicapped juveniles sent to state correctional institutions.

Fogle seeks a ruling on his authority to transfer crippled blind, deaf and other handicapped inmates for appropriate care which correctional institutions do not provide.

"We want our authority clarified to make these transfers," Fogle said. "If we can't do it, there ought to be legislative action to deal with the situation," he added in a biennial report.

The commission chief said other institutons now refuse to accept transfers of such unfortunates, such as a blind inmate to the school for the blind.

He said inmates are sent in by judges, for a minimum of five months, after which most are returned to their communities. A few have no place to go and remain for longer periods, he added.

"They can't participate in our programs," Fogle said. "They are not capable so they just sit around. Many are ill-treated by other inmates.

"In my opinion," the former judge continued, "that is why some of them got into their trouble. They wanted to do something to make their peers notice them."

Fogle's report listed 18 physically handicapped inmates in juvenile institutions. Two are partially blind, four are epliptics, three have heart trouble, two are deaf-mutes and two are mentally retarded.

He said 40 inmates of the Girls Industrial School are pregnant. The state pays Jane Case Hospital in Delaware for their stay during births, he explained. The babies generally are put up for adoption under welfare department supervision.

Fogle said the Mental Hygiene Department has helped where it could but that most institutions already too crowded to accept transfers. Most of those who should be transferred are in Fairfield School for Boys near Lancaster and the Juvenile Diagnostic Center here, he said.

Akron University Due To Hear Ray Bliss Talk

AKRON, Ohio (AP)—Ray C. Bliss, who will take over as Republican national chairman April 1, will be one of the speakers at the annual Lincoln Day dinner Saturday night at Akron University. The Summit County GOP organization, once led by Bliss, is sponsor of the banquet, which more than 1,000 are expected to attend.

Other speakers will include Sen. Thruston B. Morton of Kentucky, former GOP national chairman, and Ohio Congressmen William H. Ayres of Akron and J. William Standton of Painesville.
